Ride by the Rules

For the safety and comfort of all passengers, observe the following rules while riding a Palm Tran bus.

Safety and Consideration

No fighting, tumultuous behavior or other inappropriate acts which would cause alarm or annoyance to fellow passengers or the operator. Passengers who cause a disturbance on the bus or who interfere with the safe operation of the bus and/or who commit vandalism will be subject to removal, trespass or arrest.

As a courtesy, please allow the front seats of the bus to remain open for passengers using wheelchairs, scooters and walkers.

Passengers should dress appropriately for public. Shirt & shoes are required.

Guard your personal belongings to ensure they are safe and secure. Palm Tran is not responsible for the theft, loss or damage of personal property.

When departing, be sure to take your belongings with you. Palm Tran is not responsible for items left on the bus, at the bus stops, or at the Intermodal Transit Center.

Please be courteous to other passengers when using cell phones.

You may play your personal media devices, but only with headphones and at a low volume.

Please do not talk to, or distract the bus driver while the bus is in motion.

Always stand behind the standee line and hold on to hand rails while the bus is in motion.

Signal your stop request at least one block in advance, exit through the rear doors and step clear of the bus.

Please dispose of trash in appropriate receptacles.

Hold on to railing while boarding and exiting the bus.

Stay seated or hold the handrails (if standing) before the bus moves or is in motion.

Take extra care on bus steps or the bus floor in wet weather.

Please have your fare ready upon entering the bus to avoid delays in service.

Mobility Devices, Bikes, Pets, and Carry-on Items

All mobility devices are required to be secured by Palm Tran Operators when utilizing Palm Tran services. In accordance with Federal Law 49CFR part 38 – priority seating areas are for seniors and individuals with mobility devices. Please be considerate.

Electronic mobility devices such as stand-up scooters or single-wheel boards are allowed on board as long as they are not obstructing the aisle. Hoverboards are not allowed due to flammability concerns of the lithium ion battery.

No illegal weapons or controlled substances of any kind may be carried on-board Palm Tran buses or Palm Tran property. Exceptions to this policy include the lawful possession of prescribed medications and those persons who are duly authorized and/or licensed to carry a weapon or firearm (i.e. law enforcement officers, Concealed Carry Permit holders, etc.)

Registered service animals as defined by the Americans with Disabilities Act (ADA) will be allowed to board.

Due to safety concerns, service shall only be refused if a rider travels with too many bags or oversized items. Only one (1) of the following items are permitted on the vehicle per rider: Four (4) plastic supermarket bags or two (2) brown paper bags/reusable bags. One (1) folding shopping cart. One (1) medium-size luggage and one (1) carry-on.

Keep carry-on items out of the aisle including carts and strollers. If possible, fold strollers and carts. Not permitted on the vehicles:

- Packages or luggage that weighs more than 35 pounds.
- Packages containing firearms, knives or explosive materials.

Palm Tran reserves the right to restrict certain items on the vehicle.

Bicycles, mopeds or gas-powered motor bikes or scooters of any kind cannot be transported inside the bus. Portable or foldable bikes and scooters are allowed inside the bus as long as they are not obstructing the aisle.

Food, Drinks and Other Consumption

- No eating, drinking or chewing tobacco.
- No smoking. This includes tobacco, vaping and e-cigarettes.
- No alcoholic beverages.

Outside the Bus

- Stand clear as the bus approaches or drives away from the bus stop.
- Walk – don’t run – to catch a bus.
- Do not cross in front of the bus. Let the bus leave first. Always cross at the corner of a crosswalk.
- Watch for cars and other moving vehicles after you leave the bus. Step back when a bus is making a turn in front of you.
- Stay alert. Whether on foot or riding a bike, don’t be distracted by using cell phones, headphones, and other devices that can cause you to collide with a bus.

Rider Code Of Conduct

Trespass Notices may be issued by Palm Tran personnel for violating any of the aforementioned rules. Defiance may result in exclusion from the transit system.

- Assaulting or battering a bus operator or any other Palm Tran employee or passenger.
- Smoking. This includes tobacco and electronic odor-free cigarettes.
- Misuse of fare media.
- Causing a disturbance on the bus, distracting a bus operator or interfering with the safe operation of the bus.
- Loitering. Only transit-related activities are permitted at bus stops, Intermodal Transit Center and on Palm Tran property.
- Failure to pay the appropriate fare.

Accessibility

At Palm Tran, we believe that transit is for everyone. We're proud to offer services that are accessible to all of our South Florida community.

Accessibility features are available to any Palm Tran rider when boarding or exiting, upon request to the Bus Operator.

Accessibility features

Fixed-Route buses are equipped with wheelchair ramps and the ability to lower or "kneel" at the curb.

Our buses are also equipped with mobility securement areas. All mobility devices are required to be secured by Palm Tran Operators when utilizing Palm Tran services.

Transfer points, major intersections and major destination points are announced on board the bus with an automatic stop announcement.

Priority seating & mobility devices

The front seats of the bus are to remain open for senior citizens or passengers using wheelchairs, scooters, walkers, or any power-driven mobility device.

Boarding with a mobility device / Quantum

1. Wait in view of the operator:

Wait by the bus stop where the operator can see you. That way when your bus arrives, the operator will know to deploy the ramp which helps save time.

2. Boarding the bus:

You may board the bus by either facing toward the bus or away from the bus when using the ramp, whichever is easier for you.

3. Priority seating and securement areas:

On board, look for priority seating area near the front of the bus. Two securement areas are provided for mobility devices. Some buses have a contactless wheelchair securement system installed.

4. Transfer to a seat:

For your safety, you may prefer to transfer to a seat, as it may be difficult to safely be secured within some mobility devices. It is your choice to transfer or remain in your mobility device.

5. Press the signal strip to request a stop:

About one block from your stop, press the plastic strips tape on the flip up seats in the wheelchair securement area. This signals the operator that you want to get off at the next stop.

6. Getting off the bus:

When the bus stops, the operator will remove the securement straps from your mobility device if secured, and deploy the ramp.

Service animals & portable oxygen devices

Service animals will be allowed to board. A service animal shall mean any guide dog, signal dog, or other animal individually trained to work or perform tasks of an individual with a disability. The work or task performed by a service animal must be directly related to the individual's disability.

Individuals with disabilities who use portable oxygen devices are allowed to travel with respirators and properly secured portable oxygen supplies. Oxygen supplies must not obstruct the aisle.

This material is available in alternative formats for individuals with disabilities upon request. Please contact Palm Tran Connection's administrative office at 561-649-9848. For the hearing impaired, please call 1-800-955-8771 to obtain a Rider's Guide.

Bikes on Buses

Palm Tran fixed route and Go Glades buses can conveniently accommodate 2 bikes on racks located at the front of the bus.

Space is available on a first-come, first-serve basis. Riders have the responsibility to ensure the bike is properly secured to the rack.

Don't forget your bike! Let your driver know that you are retrieving your bicycle when you've reached your destination.

- 3. *Asientos prioritarios y áreas de seguridad:* A bordo, cerca del frente del autobús, busque el área de asientos prioritaria. Se proporcionan dos zonas de fijación para dispositivos de movilidad. Algunos autobuses tienen un sistema automático sin contacto instalado para asegurar sillas de ruedas. Vea la siguiente página para encontrar instrucciones específicas de cómo usar este sistema.

A Salute for Success!

Palm Tran hosts commencement ceremonies to mark the achievements of new bus operators and officially welcome them to the team. Each graduate undergoes a six-week program of vigorous classroom work, American with Disabilities Act

(ADA) training and on-the-field lessons with an instructor. It is the added emphasis on core values and concentration on safety and customer service that truly transforms a driver into a Palm Tran bus operator.
