Registered service animals as defined by the Americans with Disabilities Act (ADA) will be allowed to board.

Due to safety concerns, service shall only be refused if a rider travels with too many bags or oversized items.

Only one (1) of the following items are permitted on the vehicle per rider:
Four (4) plastic supermarket bags or two (2) brown paper bags/reusable bags.

Accessibility for the Disabled

Palm Tran believes that transit is for everyone. We're proud to offer services that are accessible to all of our South Florida community.

All mobility devices are required to be secured by Palm Tran Operators when utilizing Palm Tran services. In accordance with Federal Law 49CFR part 38 – priority seating areas are for seniors and individuals with mobility devices. Please be considerate.

Electronic mobility devices such as stand-up scooters or single-wheel boards are allowed on board as long as they are not obstructing the aisle. Hoverboards are not allowed due to flammability concerns of the lithium ion battery.

Accessibility features are available to any Palm Tran rider when boarding or exiting, upon request to the Bus Operator.

Accessibility features

Fixed-Route buses are equipped with wheelchair ramps and the ability to lower or “kneel” at the curb.

Our buses are also equipped with mobility securement areas. All mobility devices are required to be secured by Palm Tran Operators when utilizing Palm Tran services.

Transfer points, major intersections and major destination points are announced on board the bus with an automatic stop announcement.

Priority seating & mobility devices

The front seats of the bus are to remain open for senior citizens or passengers using wheelchairs, scooters, walkers, or any power-driven mobility device.

Boarding with a mobility device / Quantum

1. Wait in view of the operator:

Wait by the bus stop where the operator can see you. That way when your bus arrives, the operator will know to deploy the ramp which helps save time.

2. Boarding the bus:

You may board the bus by either facing toward the bus or away from the bus when using the ramp, whichever is easier for you.

3. Priority seating and securement areas:

On board, look for priority seating area near the front of the bus. Two securement areas are provided for mobility devices. Some buses have a contactless wheelchair securement system installed.

Transfer to a seat:

For your safety, you may prefer to transfer to a seat, as it may be difficult to safely be secured within some mobility devices. It is your choice to transfer or remain in your mobility device.

4. Press the signal strip to request a stop:

About one block from your stop, press the plastic strips tape on the flip up seats in the wheelchair securement area. This signals the operator that you want to get off at the next stop.

5. Getting off the bus:

When the bus stops, the operator will remove the securement straps from your mobility device if secured, and deploy the ramp.

Service Animals and Portable Oxygen Devices

Service animals will be allowed to board. A service animal shall mean any guide dog, signal dog, or other animal individually trained to work or perform tasks of an individual with a disability. The work or task performed by a service animal must be directly related to the individual's disability.

Individuals with disabilities who use portable oxygen devices are allowed to travel with respirators and properly secured portable oxygen supplies. Oxygen supplies must not obstruct the aisle.

This material is available in alternative formats for individuals with disabilities upon request. Please contact Palm Tran Connection's administrative office at 561-649-9848.

For the hearing impaired, please call 1-800-955-8771 to obtain a Rider's Guide.

Bikes on Buses

Palm Tran Fixed-Route and Go Glades buses are equipped with bicycle racks at the front of the bus. Each rack can conveniently accommodate 2 bicycles.

Space is available on a first-come, first-serve basis. Riders have the responsibility to ensure the bike is properly secured to the rack.

Don't forget your bike! Let your driver know that you are retrieving your bicycle when you've reached your destination.

A Salute for Success!

Palm Tran hosts commencement ceremonies to mark the achievements of new bus operators and officially welcome them to the team. Each graduate undergoes a six-week program of vigorous classroom work, American with Disabilities Act

(ADA) training and on-the-field lessons with an instructor. It is the added emphasis on core values and concentration on safety and customer service that truly transforms a driver into a Palm Tran bus operator.
