Program Descriptions

The Americans with Disabilities Act (ADA) Program

The ADA is a federal law that protects the rights of people with disabilities and requires public transit systems to provide services that are accessible. PTC's ADA service is provided to individuals, who because of a disability, cannot ride or access the regular city bus system. The service is provided to ADA eligible individuals in the area that covers east of the Florida Turnpike in Palm Beach County from the South County Line to North County line. ADA service is available within a $\frac{3}{4}$ mile of a Palm Tran fixed bus route covering those routes outside of the above service area. The core service area is subject to change. The fare to ride this service is \$3.50 per one-way trip.

Certification will remain in effect for a minimum of three (3) years.

Transportation Disadvantaged (TD) Program

TD is a State of Florida-funded program authorized by Chapter 427 of the Florida Statutes. To become eligible, an individual must either have a disability as defined by our ADA Program or meet the economically disadvantaged requirements based on the Federal Poverty Guidelines. TD service is provided anywhere in Palm Beach County. There are no restrictions; however, if trip demand exceeds available funds, then trip prioritization may occur. If you live within $\frac{3}{4}$ mile of a Palm Tran city bus route and are not disabled, you will be required to use the city bus. The fare to ride this service is \$3.50 per one-way trip.

Certification will remain in effect for one (1) year.

Division of Senior Services (DOSS) Program

This program is "Sponsored by the Palm Beach County Board of County Commissioners, the State of Florida, Department of Elder Affairs and Area Agency on Aging of Palm Beach/Treasure Coast, Inc." DOSS provides nutritional, well-balanced meals that foster social interaction, and provides access to nutrition education and counseling to older adults. Congregate meals are served Monday to Friday at designated County-sponsored Senior Meal Sites. This program is funded through the Older American's Act. Persons over 60 are eligible for this program. To qualify for DOSS trips, an individual must register through an approved County DOSS meal site. They will forward the application to the PTC eligibility department for processing. There is no fare required to ride this service.

For more information, visit the DOSS website at:

- If a passenger refuses to pay for their trip and refuses to disembark the vehicle upon the operator's request, authorities may be contacted.
- PTC encourages our customers to take advantage of the more cost-effective city bus transportation by offering the TD Bus Pass Program.
- PTC will not waive fares or reimburse customers for the use of alternate transportation providers, even when the customer chooses to use these services due to PTC service failures.

All PTC ADA customers are eligible to receive an ADA Photo ID card that allows them to utilize the Fixed Route service free of charge. There is a one-time no-cost replacement during the ADA eligibility period. Damaged or expired cards will be replaced at no cost.

Cards may be replaced a maximum of 3 times during the ADA eligibility period with a cost of

\$15.00 per replacement. A one-time fee waiver will be applied if a police report is provided.

Children

Children eight (8) and under ride free when accompanied by a fare-paying passenger. According to state law, newborns up to five-year-olds must ride in a federally approved child safety seat. The customer must provide their own child safety seats.

Escorts/Companions

An Escort/Companion is defined as another customer who travels with the eligible customer;

- You must reserve a space for the escort/companion(s) when you book your trip.
- The escort/companion(s) must board the vehicle at the PTC customer's scheduled location and pickup time.
- Escorts/companion(s) are subject to the same rules and regulations as a PTC customer.
- One escort/companion is permitted. Additional escort/companion(s) are allowed on a space-available basis.
- Each escort/companion is charged an additional fare.

Personal Care Attendant (PCA)

A PCA is someone designated or employed specifically to help the eligible rider meet his or her personal needs;

- As part of the edibility process, you must note if you will be traveling with a PCA. You are not required to travel with a PCA for every trip.
- You are limited to one PCA per trip and the PCA rides for free.
- PCA's must abide by the same rules and regulations as a PTC customer.
- PCAs must board the vehicle at the customer's scheduled location and time of pickup.
- A PCA's activities may include, but are not limited to, mobility assistance, personal care, or communication (translation, interpretation, reading, and help at the destination).
- Customers needing assistance with medical equipment, administering medication, needing help with other personal needs, unable to be left alone, or if unable to travel without this level of assistance are encouraged to travel with a PCA.
- Palm Tran Connection will not provide a PCA for a customer.
- Palm Tran Connection does need to approve a customer's PCA.

If a customer "cannot be left alone," if the customer must be under constant care or supervision, this is a type of service level that Palm Tran PTC does not provide. You may choose to travel with a PCA; the Eligibility Department holds the right to review a customer application and re-determine eligibility.

PTC may refuse service to someone who engages in violent, incredibly disruptive, or illegal conduct. If PTC refuses service to someone, it may reinstate service under conditions that would mitigate the problem(s). PTC may require a PCA as a condition of providing service we otherwise have the right to refuse.

Visitor Request

PTC provides complimentary visitor paratransit service to individuals who travel to Palm Beach County and are eligible for benefits under the ADA for the following reasons:

- Individuals who have been previously certified as "ADA Paratransit eligible" by the agency where they reside.
- Individuals who have not been previously certified as ADA Paratransit eligible where they reside, who provide proof of residency outside of Palm Beach County and proof of disability when not apparent.
- The service provided is the same as that provided to residents.
- Services will be provided for any combination of 21 days during 365 days beginning with the visitor's first use of the service. If service is needed beyond this period, individuals will be required to apply for Palm Beach County eligibility.
- Conversely, once you are PTC eligible, you can also receive paratransit services in other cities and states. We suggest you contact the transit agency in the city to which you plan to travel before your trip. They will give you information about trip schedules, fares, and operating times.
- Please Contact our Eligibility Department for more information.

Service Animal

PTC does not require customers to provide documentation for their service animal before boarding a vehicle. The operator may ask customers two questions: (1) Is the animal a service animal required because of a disability? and (2) What work or task has the animal been trained to perform?

PTC may refuse to transport service animals that are deemed to pose a direct threat to drivers or other customers' health or safety, create an incredibly disruptive atmosphere, or are otherwise not under the customer's control. For example, a customer with a service dog is responsible for ensuring the dog does not bite the driver or other customers.

Other customers' or Palm Tran personnel's allergies due to dogs or other animals are not grounds for denying service to a person accompanied by a service animal. The regulations explicitly state that

service animals must be allowed to attend to individuals on vehicles and in facilities. Encountering a service animal in transit or other environment is an expected part of being on public transportation.

Emotional support animals are not included as service animals.

Non Service Animals (Pets)

Small non-service animals, are allowed on all paratransit vehicles but must be contained in a commercially available secure, clean, hand-held, and leak-proof carrier. The carrier must be small enough to fit under the customer's seat or in their lap.

Reserving Your Ride

9. The purpose of your trip (not required to be answered). This information is used for statistical and reference purposes only.

Scheduling a Demand Trip

PTC's peak weekday hours are:

Weekdays 7:00 a.m. to 9:00 a.m.

2:00 p.m. to 5:00 p.m.

Weekends 9:00 a.m. to 2:00 p.m.

It is recommended you allow additional travel time during peak service hours or avoid travel during those times.

As a result of our service being a shared-ride-system, if PTC cannot accommodate your exact request, we may offer a pickup time of up to **sixty minutes before or up to sixty minutes after** the requested pickup time.

If a passenger's building is located within a gated community or center and requires special entry, please notify the security office to arrange entry for the PTC vehicle before the pickup time. Provide the gate code upon reserving the trip, if needed. If the passenger does not arrange entry, and the vehicle is unable to enter the pickup area, the passenger will be considered a no-show. Drivers will not wait for more than five minutes to gain access to a community.

PTC will not transport wheelchairs or other mobility aids without the passenger onboard the vehicle.

No-Show and Late Cancellation Policy

A No-Show occurs when the vehicle arrives during your scheduled pickup window time, and you fail to board the vehicle. If you "No-Show" or cancel the first leg of a trip, the corresponding return trip WILL NOT be automatically canceled. You must call PTC customer service line, or use one of Palm Tran PTC's automated systems, and cancel the trip yourself. If you do not cancel that trip and a No-Show occurs, it will be coded as a valid No-Show and count towards the accumulation of violations.

PTC defines a valid No-Show when all six (6) of the following circumstances have occurred:

- The eligible customer has scheduled a trip on PTC's service.
- On the day of the trip, there has been no notice by the customer to cancel the scheduled trip 90 minutes before the start of the pickup window time.
- The paratransit vehicle has arrived on time at the scheduled pickup point within the specified pickup window time.
- The customer has failed to board the vehicle within five (5) full minutes after the driver's arrival. The five (5) minute wait time begins when the vehicle arrives within the agreed pick up window time and location.
- The driver has waited and made a good faith effort to locate the customer. (The driver cannot lose sight of the vehicle, nor enter the location of your pick up).
- The driver has contacted a Palm Tran dispatcher who has made one last attempt to contact the customer through the phone number on file. At this point, the driver will attempt to place a No-Show tag on the door indicating the date and time of arrival and departure. An attempt to leave a No-Show tag will only be made at a private residence that is located on the ground level.

Please be ready and waiting to board a PTC vehicle at the start of your scheduled "pickup window." The driver will wait only five (5) minutes for you to board. If you are not ready to board, you may be charged with a "no-show."

If your disability makes it impossible for you to board the vehicle within five (5) minutes, please notify PTC so your (5) minute boarding requirement can be reviewed and extended if necessary.

Cancellation Category

Advance Cancellation

An advance cancellation is a cancellation that occurs up to 1 hour 30 minutes (90 minutes) before the start of the customer's scheduled pickup window time.

Late Cancellation

A late cancellation is any trip canceled less than 1 hour 30 minutes (90 minutes) before the start of the customer's scheduled pickup window time.

Service Infraction

A Service Infraction is defined as a demonstrated pattern of service disruptions as a result of a customer missing scheduled trips. Late cancellations and no-shows are a serious disruption of service. PTC's overall no-show percentage is 3% of trips scheduled annually, and late cancellations account for 10% of PTC's scheduled trips annually.

Clients will receive a service infraction when 15% or more of their scheduled trips are no-shows or late cancellations within one month.

Circumstances beyond the control of the customer such as sickness, weather, etc. will be taken into consideration and may be considered an excused late cancellation or no-fault no show, and would not count towards a service infraction.

Example Demonstrated Pattern of Service Infraction

A client has 14 scheduled trips in one month. Out of those 14 scheduled trips, 1 trip is a no-show, and 4 trips are late cancellations. This client's infraction percentage would be calculated as 5 divided by 14, resulting in an infraction percentage of 35.71%. This client would receive a service infraction for exceeding the 15% standard.

Service Infraction Escalating Disciplinary Action

A continued pattern of service infractions within a 12-month rolling period will result in escalating disciplinary action. The first service infraction will result in a warning letter. The second service infraction will result in a 7-day suspension and a 14-day suspension of subscription service. The third service infraction will result in a 14-day suspension and a 30-day suspension of subscription service. All subsequent Service Infractions will result in a (30) thirty-day service suspension and a loss of subscription service.

Customers will receive (2) two-weeks' notice of any suspension in writing. Initially, a warning letter will be issued in an attempt to modify the demonstrated pattern or practice of chronic No-Shows and Late Cancellations. Notice of suspension will include the dates of all valid no-shows.

Note:

For the safety of all of our passengers and operators, passengers who cause physical injury to another passenger or the operator will be immediately suspended for a maximum of fourteen (14) calendar days or until an appeal is completed. A second incident involving the injury of another passenger or operator will result in permanent service termination.

Appeal Process

A passenger who disputes the basis for a suspension of service or eligibility, as outlined in this Rider Guide, will be given an opportunity to appeal the decision before their suspension or their service denial

Appeal Request

Customers must complete an Appeal Request Form and submit the completed form by (1) mail, (2) fax, or (3) E-mail. Appeal requests, written statements, and supporting documentation are NOT accepted by phone. The completed appeal form must be postmarked within 60 days of the date of the service suspension determination letter. Appeal requests and supporting documents must be mailed, faxed, or e-mailed to one of the following:

Palm Tran Connection

Attn: Operations Manager, Appeal Process

50 S Military Trail, Suite 101

West Palm Beach, Florida 33415

Email: palm-ptcappeals@pbcgov.org

How Appeals Are Determined

The designated Operation Manager will review all Appeal Requests and documentation submitted and will decide on the outcome. The decision of the Appeals Officer is final.

Note: Paratransit service will continue to be provided throughout the appeal process.

Notification of Decision: Notification of the Operation Manager decision will be mailed to the customer no later than seven (7) calendar days before the beginning of the scheduled suspension. Notification will be in writing, sent by mail return receipt, and will detail the Appeals Officer reason for the decision.

Customers who wish to file a complaint regarding the Operation Manager decision may do so by completing an FTA Office of Civil Rights Complaint form at www.fta.dot.gov and mailing it to:

Director, FTA Office of Civil Rights
East Building – 5th Floor, TCR 1200
New Jersey Ave, SE Washington, DC

Subscription Reservations and Excessive Cancellations

Definition of Rules

A Subscription is defined as a trip of a recurring nature to and from the same place, at the same time, on the same day(s) of the week, for at least 30 days. Subscription requests must meet all of the following criteria (unless otherwise noted):

- Subscriptions will need to be on-going, greater than 30 days. (Example: Client cannot make a Subscription if they are only going to a program for only three weeks).
- Subscriptions may be limited based on availability.
- The request must be for at least two days per week (exceptions for medical, education or employment only).
- A Subscription is not guaranteed. The Scheduling Dept. will review each submission and determine whether it will be beneficial to both the client and our service to put one in place,
- Customers must have a history of 30-days of ridership to the same location, days of week, and times as the subscription request.
- PTC reserves the right to negotiate travel times. You may pick an appointment time or pickup time, not both). School trips may have a no earlier than arrival time and not later than arrival time.
- Any client who fails to complete 80% of their scheduled trips during any 30 days will have the subscription canceled.
- Anyone who misses six trips in a row will have the subscription canceled. (Holidays and health conditions are exceptions).
- Holiday trips are automatically canceled, and the customer must contact PTC if service is needed on these days.
- The only time a client can have an appointment time on a return trip home is if they have a medical appointment at home. If so, you must note in the comment section: appointment time due to a medical appointment, that way the Subscription is not denied.
- PTC will not automatically cancel a return trip (second or third legs of trips). Each one-way trip is considered a separate request. Even if you no-show the going trip, you must still contact PTC and cancel any subsequent trips to avoid further no-shows.

Subscription Modifications

- Subscriptions are limited to one change per 30-day period. (Modifications will be accommodated on a case by case basis, which is a result of factors beyond the control of the customer and/or because of changes in employment/school, home address, medical treatment (such as dialysis, chemo, etc.).
- To request a change in time in the pickup or return, the change will need to be more than 30 minutes from the original Subscription.

- Cancellations, suspensions, or no-shows do not count as a subscription change; however, the customer is still subject to the no-show and cancellation policy. PTC reserves the right to remove a subscription due to excessive cancellations.
- When requesting/submitting a suspension of the client's Subscription, a restart date needs to be provided.
- If no date is provided at the time, the Subscription will be canceled rather than suspended; the client should call back to resubmit a new request (pick up times may change).
- If requesting to suspend the Subscription for more than 30 days, this will need to be a cancellation. Advise the client to call back when ready and request a new Subscription. (Exceptions will be made for school trips).
- A client that has a Subscription should not call to cancel their trip and rebook a demand trip for a different time. If a client does this too often (greater than 20 trips monthly) for each one-way trip, their Subscription will be removed from the system for a minimum of 90 days.

Changing or Canceling a Reservation

If you have made a reservation and need to change or cancel it, please call in as soon as possible. Changes must be made before 5:00 p.m. the day before your scheduled trip. Due to the high number of trips scheduled each day, we cannot change any same-day trips.

You may cancel your trip by calling (561) 649-9838, option 2 –24 hours a day or on our booking website: passweb.palmtran.org

Riding Palm Tran Connection

PTC is a shared ride, door-to-door Paratransit service. Drivers will meet you at the front door of any private residence or at the ground floor entrance of any residence or public building. When the PTC vehicle arrives, you will need to do the following:

- 1) Board the Vehicle. Enter the vehicle by ramp, by climbing the steps, or by riding the lift.
- 2) Pay the Fare. Please remember to pay your fare in exact change before the vehicle departing the pickup location. Drivers are not allowed to make a change.
- 3) Secure your safety belt and belongings. When riding, you must be seated and must wear the provided safety belt. If you are riding in a wheelchair or using a mobility aid, your equipment must be secured to the floor of the vehicle by four securement straps. Drivers are trained to secure your mobility aids to the floor and can assist with adjusting your safety belt and verifying that you are secure. Please let us know if you have any questions or concerns about how the driver secures your mobility aid.

Wheelchairs and Mobility Devices

The U.S Department of Transportation Regulations 49 parts 37 and 38 governs "Transportation Services Individuals with Disabilities" and "ADA Specifications for Transportation Vehicles." PTC may not be able to accommodate passengers who exceed the limits listed below.

As defined by the U.S. Department of Transportation (USDOT) Regulation, a "wheelchair" is defined as: "Wheelchair means a mobility aid belonging to any class of three or more wheeled devices, usable indoors, designed or modified for and used by individuals with mobility impairments, and fully operational whether operated manually or powered."

Wheelchair Size Specifications

PTC can accommodate various types of mobility devices (manual or power wheelchairs or scooters) that fit within size regulation of 30 inches wide by 48 inches long. Wheelchairs and attached items exceeding these dimensions will be judged on a case-by-case basis and may be excluded if accommodating the mobility device is inconsistent with legitimate safety requirements.

USDOT regulations require that vehicle lifts and ramps are capable of accommodating a capacity of a minimum of 600 lbs.

Safety Precautions When Traveling by Wheelchair. Please note that if you travel in a mobility device, it must be secured in a forward-facing position, and for your safety, it is strongly recommended that you travel with the supplied poesy belt and footrests but it is not required. This safety measure is in place to prevent injury during transport.

- PTC will deny transportation to a wheelchair or its user on the ground that the device cannot be secured or restrained satisfactorily by the vehicle's securement system."
- Per the Americans with Disabilities Act (ADA), paratransit service is not intended to be a comprehensive system of transportation for individuals with disabilities.
- If you have questions about the suitability of your particular mobility aid, contact PTC.
- PTC permits individuals with disabilities who do not use wheelchairs, to use a vehicle's lift or ramp to enter the vehicle upon request.
- In some cases, PTC may recommend, but not require, a user of a wheelchair or scooter that the individual transfer to a vehicle seat.

A wheelchair user may board a paratransit vehicle separately from his or her device when the occupied weight of the device exceeds the design load of the vehicle lift.

Respirators and Portable Oxygen Equipment

Portable oxygen equipment and portable respirators are permitted on PTC vehicles. The operator will assist you in securing this equipment on the vehicle. Please note: When calculating the amount of oxygen, you need when using PTC services, plan to include several hours of travel time.

Where's My Ride?

If the PTC vehicle has not arrived within your "pickup window," then your Ride may be considered as late. Call PTC at 561-649-9838 option 1 for "Where's my ride" information. Each vehicle is equipped with GPS that allows dispatch to determine the exact location of your vehicle and how long it will be before it arrives. Please keep in mind that this is an estimated time of arrival and is subject to change based on traffic, weather, and other factors that may delay the vehicle. PassWeb
